— SEPTEMBER 2020 —

Enfield Community College was established in 2020 under the patronage of Louth Meath Education Training Board. Our college is a multi-denominational, co-educational post-primary school catering for an ever-increasing population growth within the greater Enfield area. The foundations which we will use to build our new school community and culture will be respect, inclusion, honesty, teamwork, integrity, kindness, responsibility and diversity.

Our college will see huge transformations in the coming years with the development of our 1,000 pupil state-of-the-art new school building. Throughout our journey our focus will be to provide a quality learning experience with the learner as the core. It is our priority to provide a safe, positive and supportive learning environment for all our students. A comprehensive academic curriculum is promoted in addition to an extensive programme of co-curricular and extra-curricular activities.

Our challenge is to set standards which will command the respect and the pride of the community. Aspiring towards excellence, creating high expectations, developing a holistic approach to education and instilling a sense of pride and respect among parents, pupils and staff are among our goals. We pride ourselves in providing a high quality education to all of our students, inspiring them to develop their abilities to their full potential. All who are associated with our college are focused on our success and on providing a quality education for the youth of the community whom we serve.

My Talents

In the space below, use drawings, words, photos to show the talents that you are proud of and would like us to know about:

A large, blank white rectangular area with a slight drop shadow, intended for students to draw or write about their talents. The area is completely empty.

As a First Year student commencing in Enfield Community College, what are you most excited about?

A series of horizontal dotted lines provided for the student to write their response to the question above.

You are about to make history by being part of a new school in your community. If you were to read a history book in 6 year's time about the opening and journey of our school over the years, what would you like the book to say about the contribution you made? What would you like to be involved in or part of?
